THE FIRST SYMPTOMS OF DEATH.

Tired feeling, dull headache, pains

in various parts of the body, sinking

of the spirits, loss of appetite, ap-

petite, feverishness, pimples or sores,

are all positive evidence of poisoned

blood. No matter how it became

poisoned it must be purified to avoid

death. Dr. Acker's English Blood

Purifier has never failed to remove

scrofulous or syphilitic poisons. Sold

under a positive guarantee.

DR. ACKER'S ENGLISH PILLS

Are active, effective and pure. For

much consolation or inspiration from

the fact that the revenues from spirits

last year exceeded that of the pre-

ceding year by \$5,000,000.

An English scientist thinks if a

man should visit the moon he would

either succumb to the heat in the day

or the cold at night. However, the

average man is not worrying himself

about such things. Unless the travel-

ing facilities get better nobody will

test the matter-Gibraltar Herald.
